# THE BRIDGE

## GARDEN BAR

Two heritage listed buildings, intertwined with local history.

The rear building, known as Granny Cooper's cottage, was constructed in 1862. At the front, Sutton's Corner Store was built by Granny Cooper's daughter and began trading in late 1929.

Granny Cooper established the area's first form of schooling, educating local children in her cottage from the late 1860s. Her daughter, Violet Sutton lived and worked on Sutton's farm with her husband George Sutton.

After his death in 1928 and her mother's death in 1929, Violet was no longer able to maintain the farm and look after her seven children. She moved back to her mother's cottage, borrowed money from her cousin, Charlie Wearne, constructed the front building and created Sutton's Corner Store. The corner store is the second oldest business in Mandurah, playing a pivotal role in the social and commercial life of the area.

In 1974, new owners transformed the buildings into a licensed cafe known as the Crab & Anchor. It was then purchased by the Brown family in 1994 becoming Cafe Pronto, a restaurant and tavern.

Taken over by the Hutchen family in 2018, The Bridge Garden Bar is still Mandurah's favourite local tavern, perfect for friends, families and colleagues. A modern stamp on a historical venue where generations of people have gathered and contributed to the community. Specializing in familiar favourites and pub meals with popular beers on tap, boutique wines and premium cocktails.
